 - c. Brian McBride, meeting guest, introduced himself as interested in serving on the committee. 3. Open Space and Recreation Plan 2022-2029 Update
 - a. Ann and Erin shared feedback on the community survey, project schedule, and deliverables from a recent phone conversation with Krista and Lena at Horsley Witten, the plan's consultants. There have been over 670 responses to the survey thus far, although some demographics are lacking from survey respondents. The committee is encouraged to share the survey with younger friends and family members to widen the scope of responses. The responses

have been well-distributed from different parts of town, noting that the respondents are self-reporting their location.

Eliza Hatch offered to post the survey to a Facebook group for Arlington parents; Brian McBride offered to hand out materials at a park. Paper surveys are still allowed; committee members are welcome to drop paper surveys off at the DPCD office or enter the results online themselves.

- b. Next Steps for the Open Space Plan - There will be a forum to come in September or October. Draft Chapters 2-5 including the Introduction and the Environmental Conditions will be sent from Horsley Witten in the near future for review by the committee. Currently, consultants from Horsley Witten are working on maps to supplement the plan text. Eight maps are required by the Open Space and Recreation Plan template; however, Arlington's contract allows for two additional maps. The committee can review required maps once provided and request additional info for the remaining two maps.

Committee members expressed interest in engaging groups in Arlington such as ArlingtonEATS and the affordable housing tenants. Erin to help coordinate with some local groups and tenant's association.

- c. The committee members shared experiences of "listening posts" and were encouraged to schedule more outreach opportunities through September. Committee members are requested to take photos of engagement as it occurs to share with the consultants for inclusion in the plan.
- d. Committee members are encouraged to send email reminders to town groups, friends, and others on the contact list to participate in the survey and upcoming forum. Also, to continue regular updates to OSC website, Facebook, etc.
